

The management and employees of LSC GROUP strive on a daily basis to preserve the working environment and to minimise (prevent) the impact of our activities on the environment and to limit (prevent) negative impacts on the environment.

The environmental policy is an integral part of our corporate policy. We are committed to meeting all formal environmental requirements, to operating in accordance with the requirements of ISO 14001 and to striving for continuous improvement in our environmental performance by:

- *maintaining and continuously improving the environmental management system,*
- *meeting the requirements of applicable legislation related to environmental aspects,*
- *promoting environmental awareness in order to ensure that employees understand and are aware of their environmental responsibilities,*
- *preventing environmental pollution,*
- *proper waste management,*
- *the economic management of energy, water and other natural resources (conservation of natural resources),*
- *by selecting appropriate, environmentally aware, qualified, vetted and competent external partners,*
- *communicating and communicating our environmental policy to all employees of the company and to persons working on our behalf.*
